

ANDROID BASED EMBEDDED PROJECT LIST

1. Android Interface Based GSM Home Security System
2. Android And Raspberry Pi Based Home Automation (Wifi / Bluetooth).
3. Android Application For Vehicle Theft Prevention And Tracking System
4. Android Based Home Automation Using Raspberry Pi
5. Android Based Remote Vehicle Dis-Engaging System
6. Android Based Rush And Drunk Driver Alerting System
7. Android Based Smart Home System With Control Via Bluetooth And Internet Connectivity
8. Android Driven Smart Thermal Printer
9. Android Interface Based GSM Home Security System
10. Android Malware Detection Using SVM And GA
11. Android Mobile Based Home Automation Using Bluetooth
12. Android Mobile Phone Controlled Bluetooth Robot Using 8051 Microcontroller
13. Android Phone Controlled Robot Using Bluetooth
14. Android Smart And Raspberry Pi Interfacing Over Advanced WIFI Protocol Android Smart And Raspberry Pi Interfacing Over Bluetooth Serial Protocol
15. Android-Based Navigation System For Elderly People In Hospital
16. Androidc An Android Remote Control Car Unit For Search Missions

17. Anti-Theft Application For Android Based Devices
18. Android based Robotic Arm with Base Rotation, Elbow and Wrist Motion with a Functional Gripper
19. Android based Metal Detecting Robot with Remote Voice And Image Transmission to assist bomb detection and rescue team
20. RF Controlled Robotic Boat to Travel in Water with Wireless Video And Voice
21. Android based Fire Fighting Robot with high pressure water sprinkler
22. Android based LPG Detecting Robot with wireless Voice And Image Transmission
23. Android Based farmer friendly Agricultural Robot with motorized shovel control System with automatic seed dispensing system
24. Android Based Pole climbing Robot for surveillance application with voice and image recording in SD card / Memory card
25. Android based multi Terrain Robot to travel on water surface, Indoor and outdoor uneven surfaces for defense applications
26. Android based home automation with fan speed control
27. Android based electronic notice board (16X2 LCD)
28. Android speech recognition based voice controlled robot
29. Android based gesture drawing controlled robot
30. Android based accelerometer controlled wheel chair movement for the disabled
31. Android speech recognition based voice command notice board
32. Android speech recognition enabled smart home automation
